Dear Mr. Tubiana:

On behalf of the Minister of Foreign Affairs, the Honourable Pierre S. Pettigrew, I wish to acknowledge receipt of your e-mail of September 9, 2004, regarding your research study about children being (mis) diagnosed as juvenile diabetics and Staphylococcus aureus infection.

The Minister appreciates your bringing your concerns to his attention. However, the responsibility for administering health care, falls more appropriately under the purview of the Minister of Health, the Honourable Ujjal Dosanjh. I have therefore forwarded a copy of your correspondence to his office for information.

Thank you for writing.

Yours sincerely,

Colette Liboiron
